

SELECTED CANDIDATES (BRAZIL)

São Paulo School of Advanced Sciences in Emerging Pollutants

ESPCA received 174 applications from candidates living in Brazil. 50 students were selected (list in alphabetical order below) based on the analysis of all submitted documents. Each application was independently evaluated by two members of the scientific committee. Preference was given to graduate students, postdoctoral researchers, and recent PhD graduates, in accordance with ESPCA funding guidelines. A waiting list is also provided in case of withdrawals or cancellations of selected candidates.

If your name is not on the list, it means you are not selected.

Brazilian candidates who hold a scholarship granted by FAPESP will be contacted separated.

The ESPCA organization will soon contact by e-mail the selected candidates to provide further details on registration confirmation and travel arrangements.

Name of Applicant	State of Origin
